ABOUT

I'm extremely good at what I do. Constant improvement and focus defines me. I'm passionate about the React world with its vast possibilities, and I'm always ready to help people around me. I believe that good attitudes and commitment can build great things.

PROFESSIONAL EXPERIENCE

SENIOR FRONT-END ENGINEER

Escola Conquer | Oct 2022 - moment

I'm the principal front-end developer at Escola Conquer. I help all teams build their apps and make them have the best performance and results possible. I solve the hardest problems and teach people about how to develop and perform better.

We have about 50k active users/month in our platform, and I'm responsible to make our app works well.

I'm also leading a small team, learning to deal with suad problems and people, to lead a full suad in the future. I work with the following techs:

- NextJS and ReactJS with Typescript.
- Stitches and styled-components
- Tests with Jest
- Microfrontend
- REST API consumption

MID FRONT-END ENGINEER

Escola Conquer | Sep 2021 - Oct 2022 (14 months)

Mentoring team members to improve technical and soft skills;
Development of new features; Bug fixes; Performance improvements;
Code reviews; Architectural planning; Tests

CO-FOUNDER & SENIOR FRONT-END ENGINEER

Amank | Aug 2022 - May 2023 (10 months)

Me and my partners had founded a business, that help companies to manage their softwares. We develop a web platform, that is capable to identify softwares that the company uses.

MID MOBILE ENGINEER

Dobank | Jun 2021 - Sep 2021 (4 months)

Development of new features in the app using React Native; Screen development; API consumption with GraphQL

MID FRONT-END ENGINEER

Chamer | Mar 2021 - Sep 2021 (7 months)

Development of front-end projects with React and Next js; Project review and refactoring; Consumption of RESTful APIs.

JUNIOR FULL-STACK ENGINEER & PARTNER
